## DESIGNER'S NOTES

The practice for *Federation Commander* has been to publish ships in many places (boosters, the newsletters, and in *Captain's Log*) and then to include the counters for these ships in whatever *Federation Commander* product appears next. It hasn't always been a straight path and some counters ended up in some strange places, but we meant well.

This pack covers ships published in: *Federation Commander Booster Pack #37*  
*Federation Commander Booster Pack #38*  
*Captain's Log #53*  
*Communique #133 through Communique #168*  
*Hailing Frequencies #169 through #175.*

A few of the counters in this pack represent ships in preparation for issues of *Hailing Frequencies* over the rest of the year 2020, so if you cannot find a ship card for the Andromedan Krait, never fear, it will be in the *Hailing Frequencies* newsletter sometime in the next few months.

If anything from the above list is missing, let us know and we'll update this pack. At some future time we may prepare *FC Lost Counters Pack #2* including ships from earlier (and perhaps later) newsletters and *Captain's Logs*.
