A BOLD NEW ERA!

Star Fleet Battles, having completed the Doomsday Project, stands poised at the frontier of a bold new era of gaming. In the next year, you will see nine new races and hundreds of new ships join the universe.

Captain's Log is evolving itself, adding new features (miniatures, history articles, artist profiles, international listings) to your established favorites. This issue includes expanded scenario and tactics sections, SSDs for two entirely new ship classes (as well as an entirely new kind of SSD), and a major new expansion rule for F&E.
