## ▲ CAPTAIN'S LOG #19

**FROM ANOTHER  
POINT OF VIEW**

**NEW BATTLES!**

Our first year in business as our own publisher is about over, and we can honestly be proud of our accomplishments. In that first year, we have brought back into print the core products (Basic Set, F&E, Advanced Missions) and many of the expansions (C1, R2, R4, and soon C2). We have released new products (Omega-1 and two issues of Captain's Log; Module R7 is now on the press). We have taken SFB onto the internet for real-time gaming at SFB-OnLine and into your home computer through Interplay's Star Fleet Command. Five new pewter starship miniatures have been released. The PBEM system has been expanded and enhanced through our new web site.

It should be absolutely clear that ADB Inc. is NOT the previous publisher, but a very different breed of cat, one that gets things done and is in business to stay.
