## The Moors of Torren and the Bay of the Lion's Maul

The Moors of the north and the great lion bay dominates this area and sees much in the ways of bandits, centaurs and other things most dark. The Ruins of Shradian lies on the coast, as does the lone giant stone of King's Point. The moors are a wild place of beasts, centaurs and spirits, where bandits lie in wait and hunted men flee from the law. The coast is also a place of pirates and bandits, where one is cautioned to watch their back and to sleep lightly.

Little, however, does not mean lame. No, these are great gaming gems, just in small bite sized forms. Fun, fast and cheap, they are a great way to get some gaming fun into a short block of time. Have a look, you might be surprised at what you find.

### **Worlds of Wonder**

Worlds of Wonder is a fast, simple to play RPG system designed for use by advanced players who wish to create detailed characters without having to roll on endless charts and deal with endless rules.

After 30+ years of playing, running and designing games, be they RPG's or board games, we at Avalon have come to one conclusion. Its not the game's rules that make it enjoyable, but the people you play with. With that in mind, Worlds of Wonder takes the most important aspect of any RPG, the character creation, and tries to offer players, and their GM, the tools needed to make the time spent playing together well worth the time spent creating the characters.

### **Worlds of Wonder Expansions**

Want more Worlds of Wonder? Try one of the many expansions for the system. More monsters, foes, magic, skill sets and gaming stuff to keep you occupied for weeks, months, hell maybe for a lifetime. Ever expanding, the WoW system is made for gaming fun, so don't wait, have an adventure and enter Worlds of Wonder.

### **Arcana**

Arcana is generic world, designed for use with any Fantasy RPG System, and so the information presented here and in other Arcana expansions will of course be a bit vague as to stats, levels and powers. The intention is to give the GM and players a world rich in personality, history and depth, one where they can seek adventure, but use any RPG system they feel most conferrable with.

The basics of the game world are presented here in the core book, but as expansions are released, the complexity of the world will grow as more and more of its history, dangers and wonders are explored. When it is all said and done, Arcana will become a vast world of detailed and expansive depth, one where that you and your friends can full explore.

### **Game Geek**

Avalon's Monthly game magazine, inside you will find tons of gaming goodness, free games, add on materials for many of Avalon's titles, and a monthly sections dedicated to S&G, Battle Axe and Arcana. Great game stuff each and every month.

making loans that change lives.**

Special Abilities

1. Savage Blow (Attack, 3)

Grom can make a single savage attack, often killing a foe outright with a single blow of his deadly scimitar. You must declare this ability is being used before Attack Dice are rolled. On a single attack, Grom may add +2 Attack Dice to his total for that attack. (With no limit to the number of dice that can be rolled)

2. Command (Move, 2)

Grom may use his loud demanding bellows to command other orcs near by. When this ability is used, Grom may activate any one orc character, who is within five squares. This activated character may perform one action. (Note that the character may still take their normal actions when their turn comes up.) Gram may perform this ability but once a turn.

3. Shatter Shield (Attack, 1)

Grom often shatters shields and weapons with his mighty blows. Declare this ability before the Attack Dice are rolled. If Grom scores a hit, instead of doing any damage, he may shatter, and thus destroy, a foe's readied weapon or shield (Your choice.) If the foe does not have a readied weapon or shield, then this ability has no effect.

Magical items gain a save. Roll 1D6, and on a roll of 6+, the item resists the effect. Per five points of the item's cost, over the first five points, adds an extra +1 to the die roll is gained.

Battle Axe is a simple to play tabletop system for skirmish level battles. Using cards instead of dice, you will find the game to be less luck based and much more tactical in nature. The rules and cards provide here will be enough to get you started, and new characters and rule expansions are on the way so you can continue to increase both the size and composition of your War Bands.

**Avalon Games**

**If you liked this game then try one of Avalon Game's Mini-Games, such as The Hamster that Ate the World.**

**(Click [here](#) to visit this product's page at RPGNow)**

General Stormgunden chewed on his cigar and grumbled under his breath. "Damn hamster has broken through our left flank," he finally told the president as the two of them watched the news footage on the television. Stormgunden watched as the small man next to him paled at the thought of the monstrous beast rampaging about the country.

"Ain't nothing now to stop the beastie. He'll be in the capital by nightfall," the vice president said over his fourth scotch. The man is drunk, Stormgunden thought with a sneer as he bit down on his cigar once more, twisting it about his mouth.

"We have only one hope sir," he spoke once more, turning to the president. "Nukes."

This another great Mini-Game from Avalon Games, The Hamster That Ate The World. Some mad scientist, somewhere, for some insane reason, has injected a small hamster, Mr. Chips, with who knows what. Now the hamster has escaped, grown and gotten hungry. Only the cities of the world can now feed this ravenous hamster.

A fast game of hamster rage and human desperation, can you stop the 200 foot hamster before he crushes the cities of man under his hamster feet? Can you play Mr. Chips, and try to end the rule of man, ushering in a new age of hamster domination?

**Also have a look at Earth Vs. the Flying Saucer, another great Mini Game with the same great Sci-Fi Horror feel of the 50's.**
